Frequently Asked Questions

What is Runway Gen 5?

Runway Gen 5 is an AI video generator that creates short cinematic video clips from text prompts and reference images. It runs entirely in the browser with no download required.

How does text-to-video work?

You describe a scene, style, and mood in text, and Runway Gen 5 generates a short cinematic video clip based on your description. You can adjust aspect ratio, quality, and duration before generating.

Can I use my own images?

Yes. Runway Gen 5 supports image-to-video generation — upload a reference image and the AI animates it into a video clip with cinematic motion.

What aspect ratios are supported?

Runway Gen 5 supports 16:9, 9:16, 4:3, 3:4, and 1:1 aspect ratios for different use cases from widescreen to social media portrait.

Is Runway Gen 5 free to try?

Yes. Runway Gen 5 offers free credits for new users to test text-to-video and image-to-video generation before committing to a paid plan. No credit card required.

Who is Runway Gen 5 for?

Filmmakers, content creators, marketers, and anyone who needs quick cinematic video content without traditional production workflows.
